## OFFICE OF THE GOVERNOR Executive Order 82 (01)

### **Declaration of a State of Emergency For Certain Localities in the Commonwealth of Virginia Due to Significant Rains and Flooding in Southwest Virginia**

On July 29, 2001, I verbally declared a state of emergency to exist within the Commonwealth of Virginia due to damaging flash flooding beginning on July 26, 2001, resulting from heavy rainfall in the western portion of the state. This flooding resulted from rainfall originating as part of a weather pattern that caused earlier flash flooding on July 8, 2001. Areas affected are within the Counties of Bath, Buchanan, Dickenson, Lee, Russell, Scott, Smyth, Tazewell, Washington, and Wise.

The health and general welfare of the citizens of the localities that are affected required that state action be taken to help alleviate the conditions resulting from this situation. I feel that the effects of this significant flooding constitute a natural disaster wherein human life and public and private property were imperiled, as described in § 44-75.1.A.4 of the Code of Virginia.

Therefore, by virtue of the authority vested in me by §44-146.17 of the Code of Virginia, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and by § 44-75.1 of the Code of Virginia, as Governor and Commander-in-Chief of the armed forces of the Commonwealth, and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby confirm, ratify, and memorialize in writing my verbal orders issued July 29, 2001, wherein I proclaimed that a state of emergency exists and directed that appropriate assistance be rendered by agencies of both state and local governments to alleviate any conditions resulting from significant flooding, and to implement recovery and mitigation operations and activities so as to return impacted areas to pre-event conditions insofar as possible. Pursuant to § 44-75.1.A.3 and A.4 of the Code of Virginia, I also directed that the Virginia National Guard and the Virginia Defense Force be called forth to state duty to assist in providing such aid. This shall include Virginia National Guard assistance to the Virginia State Police to direct traffic, prevent looting, and perform such other law enforcement functions as the Superintendent of State Police, in consultation with the State Coordinator of Emergency Management and the Adjutant General, and with the approval of the Secretary of Public Safety, may find necessary.

In order to marshal all public resources and appropriate preparedness, response and recovery measures to meet this potential threat and recovery from its effects, and in accordance with my authority contained in §44-146.17 of the Emergency Services and Disaster Laws, I hereby order the following protective and restoration measures:

- A. The full implementation by agencies of the state and local governments of Volumes 1 (Basic Plan) and Volume 2 (Disaster Recovery Plan) of the Virginia Emergency Operations Plan, as amended, along with other appropriate state agency plans.
- B. Full activation of the Virginia Emergency Operations Center (VEOC) and State Emergency Response Team

(SERT). Furthermore, I am directing that the VEOC and SERT coordinate state operations in support of affected localities and the Commonwealth, to include issuing mission assignments to agencies designated in the COVEOP and others that may be identified by the State Coordinator of Emergency Management, in consultation with the Secretary of Public Safety, which are needed to provide for the preservation of life, protection of property and implementation of recovery activities.

C. The authorization to assume control over the Commonwealth's state-operated telecommunications systems, as required by the State Coordinator of Emergency Management, in coordination with the Department of Information Technology, and with the prior consent of the Secretary of Public Safety, making all systems assets available for use in providing adequate communications, intelligence and warning capabilities for the event, pursuant to §44-146.18 of the Code of Virginia.

D. I hereby direct evacuation of areas threatened or stricken by this flooding. Following a declaration of a local emergency pursuant to § 44-146.21 of the Code of Virginia, if a governing body determines that evacuation is deemed necessary for the preservation of life or other emergency mitigation, response or recovery, pursuant to § 44-146.17 (1) of the Code of Virginia, I direct the evacuation of all or part of the populace therein from such areas and upon such timetable as the local governing body, in coordination with the Virginia Emergency Operations Center (VEOC), acting on behalf of the State Coordinator of Emergency Management, shall determine. Notwithstanding the foregoing, I reserve the right to direct and compel evacuation from the same and different areas and determine a different timetable both where local governing bodies have made such a determination and where local governing bodies have not made such a determination. Violations of any order to citizens to evacuate shall constitute a violation of this Executive Order and are punishable as a Class 1 misdemeanor.

E. The activation, implementation and coordination of appropriate mutual aid agreements and compacts, including the Emergency Management Assistance Compact, and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to § 44-146.17(5) and § 44-146.28:1 of the Code of Virginia, to provide for the evacuation and reception of injured and other persons and the exchange of medical, fire, police, National Guard personnel and equipment, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies. The State Coordinator of Emergency Management is hereby designated as Virginia's authorized representative within the meaning of the Emergency Management Assistance Compact, § 44-146.28:1 of the Code of Virginia.

The authorization of appropriate oversight boards, commissions and agencies to ease building code restrictions, and to permit emergency demolition, hazardous waste disposal, debris removal, emergency landfill siting and operations and other activities necessary to address immediate health and safety needs without regard to time-consuming procedures or formalities and without regard to application or permit fees or royalties. This state of emergency constitutes a major medical emergency under the Rules and Regulations of the Board of Health Governing Emergency Medical Services, pursuant to Article 3.01 (§ 32.1-111.1 et seq.) of Chapter 4 of Title 32.1, of the Code of Virginia, Statewide Emergency Medical Services System and Services, and exemptions specified in the Rules and Regulations regarding patient transport and provider certification in disasters apply.

I. Upon my approval, the costs incurred by state agencies and other agents in performing mission assignments through the VEOC of the Commonwealth as defined herein and in § 44-146.28 of the Code of Virginia, other than costs defined in paragraph N below, in performing these missions shall be paid out of the sum sufficient appropriation for Disaster Planning and Operations contained in Item 45 of Chapter 1073, 2000 Virginia Acts of Assembly.

J. The implementation by public agencies under my supervision and control of their emergency assignments as directed in the COVEOP without regard to normal procedures pertaining to performance of public work, entering into contracts, incurring of obligations, or other logistical and support measures of the Emergency Services and Disaster Laws, as provided in § 44-146.28 (b) of the Code of Virginia. Section 44-146.24 of the Code of Virginia also applies to the disaster activities of state agencies.

K. Members and personnel of volunteer, auxiliary and reserve groups including search and rescue (SAR), Virginia Associations of Volunteer Rescue Squads (VAVRS), Civil Air Patrol (CAP), member organizations of the Voluntary Organizations Active in Disaster (VOAD), Radio Amateur Civil Emergency Services (RACES), volunteer fire fighters and others identified and tasked by the State Coordinator of Emergency Management for specific disaster-related mission assignments are, in the performance of those assignments, designated as representatives of the Commonwealth engaged in emergency services activities within the meaning of the immunity provisions of § 44-146.23 (a) of the Code of Virginia.

L. The following conditions apply to the deployment of the Virginia National Guard and the Virginia Defense Force:

1. The Adjutant General of Virginia, after consultation with the State Coordinator of Emergency Management, shall make available on state active duty such units and members of the Virginia National Guard and Virginia Defense Force and such equipment as may be necessary or desirable to assist in pre-storm preparations and in alleviating the human suffering and damage to property.

2. Pursuant to § 52-6 of the Code of Virginia, I authorize and direct the Superintendent of State Police to appoint any and all such Virginia Army and Air National Guard personnel called to state active duty as additional police officers.

These police officers shall have the same powers and perform the same duties as the regular State Police officers appointed by the Superintendent. However, they shall nevertheless remain members of the Virginia National Guard, subject to military command as members of the State Militia. Any bonds and/or insurance required by § 52-7 of the Code of Virginia shall be provided for them at the expense of the Commonwealth.

3. In all instances, members of the Virginia National Guard and Virginia Defense Force shall remain subject to military command as prescribed by § 44-78.1 of the Code of Virginia and not subject to the civilian authorities of county or municipal governments. This shall not be deemed to prohibit working in close cooperation with members of the Virginia Departments of State Police or Emergency Management or local law enforcement or emergency management authorities or receiving guidance from them in the performance of their duties.

4. Should service under this Executive Order result in the injury or death of any member of the Virginia National Guard, the following will be provided to the member and the member's dependents or survivors:

(a) Workers' Compensation benefits provided to members of the National Guard by the Virginia Workers' Compensation Act, subject to the requirements and limitations thereof; and, in addition,

(b) The same benefits, or their equivalent, for injury, disability and/or death, as would be provided by the federal government if the member were serving on federal active duty at the time of the injury or death. Any such federal-type benefits due to a member and his or her dependents or survivors during any calendar month shall be reduced by any payments due under the Virginia Workers' Compensation Act during the same month. If and when the time period for payment of Workers' Compensation benefits has elapsed, the member and his or her dependents or survivors shall thereafter receive full federal-type benefits for as long as they would have received such benefits if the member had been serving on federal active duty at the time of injury or death. Any federal-type benefits due shall be computed on the basis of military pay grade E-5 or the member's military grade at the time of injury or death, whichever produces the greater benefit amount. Pursuant to § 44-14 of the Code of Virginia, and subject to the concurrence of the Board of Military Affairs, and subject to the availability of future appropriations which may be lawfully applied to this purpose, I now approve of future expenditures out of appropriations to the Department of Military Affairs for such federal-type benefits as being manifestly for the benefit of the military service.

M. The following conditions apply to service by the Virginia Defense Force:

1. Compensation shall be at a daily rate that is equivalent of base pay only for a National Guard Unit Training Assembly, commensurate with the grade and years of service of the member, not to exceed 20 years of service;
2. Lodging and meals shall be provided by the Adjutant General or reimbursed at standard state per diem rates;
3. All privately owned equipment, including, but not limited to, vehicles, boats, and aircraft, will be reimbursed for expense of fuel. Damage or loss of said equipment will be reimbursed, minus reimbursement from personal insurance, if said equipment was authorized for use by the Adjutant General in accordance with § 44-54.12 of the Code of Virginia; and
4. In the event of death or injury, benefits shall be provided in accordance with the Virginia Workers' Compensation Act, subject to the requirements and limitations thereof.

N. The costs incurred by the Department of Military Affairs and Virginia Defense Force in performing these missions shall be paid out of the sum sufficient appropriation for Disaster Planning and Operations contained in Item 488 of Chapter 1073, 2000 Virginia Acts of Assembly.

This Executive Order shall be effective retroactive to July 29, 2001, and shall remain in full force and effect until June 30, 2002, unless sooner amended or rescinded by further executive order. Termination of the Executive Order is not intended to terminate any Federal-type benefits granted or to be granted due to injury or death as a result of service under this Executive Order.

Given under my hand and under the Seal of the Commonwealth of Virginia, this 24th day of September 2001.

James S. Gilmore, III, Governor  
Attest: Secretary of the Commonwealth
